

HirePlus is specifically designed to facilitate operations and management of casual and/or regular hire operators.

Although it was originally designed for waste services situations, it has the flexibility to handle most hire operations.

- Create a casual or pick-up or delivery with a few clicks of the mouse.
- Never lose a bin! With the casual bins report it won't go away until you pick it up!
- Run your month end accounts with no fuss - service, rental, overweight charges are all automatically calculated.
- Keep a pulse on your business with the detailed Sales Analysis and client trend reports.
- Forget about managing your prepaid accounts: HirePlus does it all for you.
- Generate casual and permanent run lists instantly on demand.

SoftPlus has specialised in providing software to the transport, distribution and service industries since 1992.

Our thorough understanding of industry needs coupled with a strong end-user focus has led to the production of a range of software which is noted for its flexibility and ease of use.

SoftPlus products are being enhanced continually, and in conjunction with our business partners, we can provide wide ranging solutions embracing technologies such as GPS, web, scanning and mobile data.

Other products include

- * **CourierPlus** - parcel delivery
- * **StorPlus** - contract warehousing management.
- * **FreightPlus** - freight manifesting, rating, billing.
- * **FleetPlus** - fleet maintenance costing & scheduling.
- * **JobPlus** - general cartage
 - container transport
 - car transport
 - rural transport
- * **FlexiJob** - service and/or contracting job management and dispatch.
- * **Navman** - GPS tracking, vehicle monitoring and optional Mobile Data Terminal for the dispatch of jobs to your mobile workforce.

Sebastian Stapleton, General Manager, Mastagard Ltd (Christchurch)

"The administration efficiency and accuracy we have experienced from changing to HirePlus has been much greater than we initially expected. Softplus's after sales support has been invaluable and they were willing to customise features to specifically match our business requirements."

Graeme Bell, Manager, Mason Contractors

"HirePlus is a simple software solution for what can be a complex industry."

The account history screen gives you a snapshot of the current account status along with a monthly summary of activity and detailed transaction records. You can view or reprint any invoice or site schedule.

Operations

- Handles multiple bins per customer.
- Flexible set-up of regular service schedules for customers, daily, several days a week, fortnightly, etc. With drag and drop sequencing of the run lists.
- Easy to read casual and permanent run lists including extra instructions, cash to pick-up etc.
- Extras such as loose rubbish, whiteware can be entered when processing run lists.
- Look up customer by any part of their name, address or phone number.
- Enter call-ins (pick-ups etc) with a few clicks.

Billing

- Accounts can be prepaid, monthly or cash.
- Automatic generation of prepaid account renewal invoices at end of cycle, and topping up of services when paid.
- Hire charges can include per service charge (variable depending upon no. of services in a billing) and excess weight charge. All are automatically calculated.
- Includes full debtors ledger.
- Statements can be fully detailed or summarised.
- Can print separate site schedules for multi-site customers, all accumulated onto a head account.
- Full account history visible. Any invoice can be reprinted to screen or printer.
- Includes banking schedule and easy tracking of receipts.

Management Reporting

A variety of reports allow you to assess run profitability, growth and to also track problem bins:

- Sales analysis by product or truck/product showing counts of operations - deliver, service, finish etc., and revenue by type - rental, service, excess, other.
- Casual hire report - never lose a bin!
- Client trend : shows frequency of service and revenue by client, showing trend over the past 12 months.
- Inactive customers.
- Stock report.
- Product trend - shows number of services per product over last 12 months.
- Top customers by revenue.

Mobile Data

It is possible to integrate HirePlus to dispatch to mobile devices including, PDA's and fixed in-vehicle terminals. Job status on the Dispatch screen will automatically update as operators log their progress. Softplus can assist in the evaluation and supply of product to suit your needs and budget.
